

FRENCH CLASSES (FRENCH AS A SECOND LANGUAGE)

You are a PSL student and you haven't been able to register to a French class in your school (scheduling conflicts, full classes, inadequate levels). Starting in September 2019, 16 additional French classes will be offered in PSL schools, during the first and second semesters of the 2019–2020 academic year. If you are interested, check the information below.

WHO CAN REGISTER?

- Any non-Francophone PSL student who wasn't able to register to a French class in their school.
- PSL post-doctoral fellows and faculty can also benefit from this offer (if there are available seats).

REGISTRATION

- Check the French course list in your school. If you can't register there, email your French study contact (see list below), and explain why you want to attend a French class. Mention the name of the class to which you would like to register and indicate if you need to receive credits for the class.
- Your French study contact will ask you to take a placement test online. The result will be forwarded to the PSL FLE team.
- Depending on the outcome of the placement test and the number of available seats in the class that fits your level, the PSL French study team will do their best to give you a spot in a class. If you are accepted in a class, you will receive an email from FLE@PSL.EU with all the information you need about the course.
- A few days before the class starts, you will receive an email from your FLE professor.
