

NOTICE BIOGRAPHIQUE

LI Min-Hui
Research Director (DR1-CNRS)

Keywords:

Soft matter, Liquide crystal polymers, Self-assembly

Areas of expertise:

Chemistry and physical chemistry of polymers,
Smart soft materials by thermotropic and lyotropic
liquid crystal polymers

Date	Role
2014 –	Director of Research CNRS (Directeur de Recherche), Institut de Recherche de Chimie Paris, Chimie ParisTech (ENSCP), PSL University, Paris, France 2019-2024: Team leader of MIM2 (Materials, Interfaces and Soft Matter)
2011 – 2014	Director of Research CNRS (Directeur de Recherche), Institut Curie, Paris, France
1997 – 2011	Researcher CNRS (Chargé de Recherche), Institut Curie, Paris, France
1994 – 1997	Researcher CNRS (Chargé de Recherche), Centre de Recherche Paul Pascal (CRPP), Pessac, France
1993 – 1994	Postdoctoral Research Fellow, Institut Français du Pétrole (IFPEN), Rueil-Malmaison, France
1989 – 1993	PhD in Chemistry and Physical chemistry, University of Pierre & Marie Curie, Paris, France Thesis work conducted in Laboratoire Léon Brillouin, CEA, Saclay, France
1986 – 1988	MSc in Materials Science, Tsinghua University, Beijing, China
1981 – 1986	BEng in Chemical Engineering, Tsinghua University, Beijing, China
