

1st ANNOUCEMENT

7th Chinese French Symposium on Advanced Materials PARIS 2025 (CFSAM-7 Paris 2025)

*7ème Symposium Franco-Chinois sur les Matériaux Avancés UNIVERSITÉS de
Paris 2025 (CFSAM-7 Paris 2025)*

Period of the Symposium : October 26 -30, 2025

Ecole Nationale Supérieure de Chimie de Paris (ENSCP)/ Chimie ParisTech-PSL
11 Rue Pierre et Marie Curie, 75005 Paris, France

ORGANIZERS

- Ecole Nationale Supérieure de Chimie de Paris (ENSCP)/ Chimie ParisTech-PSL
- PARIS SACLAY University
- Sorbonne Université
- Paris Cité University
- Centre National de la Recherche Scientifique (CNRS) Paris;
- Société Chimique de France (SCF);
- Société Française de Physique (SFP)

PRESENTATION

The CFSAM series of the French Chinese Meetings on advanced materials has been initiated in China with continuous support of the French Embassy in Beijing since the 1st CFSAM 1, organized in Shenyang-China (2010). The following symposia were successively organized alternatively in China and France as follows:

- 2011 in SICCAS (CFSAM-2), Shanghai, China;
- 2013 in ICMCB-CNRS (CFSAM 3), Bordeaux - France;
- 2014 in Beihang University (CFSAM-4), Beijing, China;
- 2017 in La Rochelle University (CFSAM-5), La Rochelle-France)

Due to the COVID-19 pandemic, it has been interrupted for many years. In 2024, scholars and researchers from China and France restarted the CFSAM. Participants exchanged and shared the most recent achievements in advanced materials, with the aim of promoting the cooperation between China and France in this field, and conduct special discussions and make a blueprint for future collaborations. Nearly 50 Experts-Researchers from higher education Schools of engineering, such as Chimie ParisTech, Ecole de Chimie de Lille, etc, Universities (from La Rochelle, Bordeaux, Caen, Grenoble, etc.), Centre National de La Recherche Scientifique (CNRS), had participated to CFSAM-6.

(https://www.sic.cas.cn/meetings/CFSAM6/202408/t20240820_7299932.html), along with nearly 100 representatives from China.

- 2024 in SICCAS (CFSAM-6), Shanghai, China

Therefore, this 2025, we are happy to invite scholars and researchers from China and France to join us at École Nationale Supérieure de Chimie de Paris (ENSCP) / Chimie ParisTech-PSL within the period 26-30 October 2025, for the CFSAM 7 ParisTech 2025.

At this occasion, Chinese and French Participants will exchange and share the most recent achievements in advanced materials, to promote the cooperation between China and France in this domain and conduct special discussions, and make a blueprint for future bilateral collaborations.

SCIENTIFIC TOPICS

- Ferro/multiferro/piezoelectric Materials;
- Smart Materials and Devices;
- Laser & nonlinear Optics;
- Energy Conversion and Storage Materials;
- Biomaterials;
- Advanced Characterization, Structure-Property relationship;
- Atomic-scale Simulations, Theoretical Chemistry, Materials Physics and Chemistry;
- Engineering Processes for Materials Preparations;

SCHEDULE

Deadline for Registration:	September 20, 2025;
Date for fixing the final Program:	September 25, 2025;
Date for check in:	October 26, 2025;
Period of the Symposium:	October 26 -30, 2025.
