

NOTICE BIOGRAPHIQUE

KLAUSEN Maxime

Associate Professor (Maître de Conférences)

Keywords:

- Photochemistry
- Chemical biology
- Medicinal chemistry

Areas of expertise:

- Stimuli-responsive "smart" molecules and materials
- Chemical probes for bio-imaging and therapy
- Nanomaterials for controlled drug release
- Molecular engineering of light-responsive molecules (luminophores, photocages, photosensitizers)
- Anticancer and antimicrobial research

Research group website:
